Subject: RE: Bristol Bay -- Meeting Request

Denise:

I am free to meet with them Thursday AM but I suspect they would want to have someone from EPA leading the meeting who has a title and decision-making authority.

Dave could you participate?

-Palmer

Subject: Bristol Bay -- Meeting Request

Dear Nancy:

I hope all is well. Many thanks again to the agency for its work on the revised Bristol Bay Watershed Assessment. NRDC submitted extensive comments, as well as over 265,000 letters of support from our members and activists.

I'm writing on behalf of the Executive Director of Nunamta Aulukestai, one of the regional leaders in the fight against Pebble Mine. Two of Nunamta's Board members - Curyung Tribal Council Chief Tom Tilden and native elder Bobby Andrew - will be in D.C. to support EPA at the House Science and Technology Oversight Subcommittee hearing this Thursday, August 1. They asked me to help set up a meeting with EPA water staff before the hearing. The purpose of the meeting would be to thank EPA for its Watershed Assessment and discuss next steps.

Would it be possible to schedule such a meeting for the morning of August 1st? Unfortunately, they are flying into DC late Wednesday night and leave early Friday morning, so their only availability is on Thursday morning.

As always, many thanks for your reply and for your help with this request.

Best regards,

Joel
